THE BENEFITS

As the go-to team in the field of sports medicine in the Valley and well beyond, **Sports & Orthopaedic Specialists** is proud to offer the **T.E.A.M. Advantage** to sports clubs at every level. While this comprehensive program keeps teams competitive by promoting quick recovery from injuries, it also promotes long-term health through education. It does this through these unique benefits:

- > Proven and experienced understanding of the unique competitive cycle of athletes.
- > Rapid evaluation and management of any injuries that do occur.
- > Ongoing coordination of care for all your sports medicine needs.
- > On-site medical attention during sporting events, games, tournaments and special events.
- > Hosted seminars that teach about injury awareness and the realities of recovery.
- > Access to the **Sports & Orthopaedic Specialists** network of sports specialists that can address health issues beyond musculoskeletal injuries.
- > Emphasis on a safe and rapid return to sport or competition.
- > Sponsorships available.

OUR EXPERTISE

Sports & Orthopaedic Specialists is led by Dr. Craig H. Weinstein, an orthopaedic surgeon and fellowship trained sports medicine specialist. During the course of his career, he has provided care to athletes at every level, including local high schools, Division 1-A and 1-AA colleges, professional sports and even professional rodeo riders. He currently donates his time as team physician for the Gilbert Public School District, the Higley Unified School District and Queen Creek High School. In addition, he serves as an orthopaedic consultant to the San Francisco Giants and the Copper State Football League.
